Subject: Fw: Request for extension of Benthic Report submittal date

Jim, Bob and Rick, EPA grants the extension request for submittal of the Benthic Toxicity Interpretive Report. Please see the attached memorandum from EPA to the LWG regarding this topic. EPA requests a meeting within the next 30 days to discuss the benthic toxicity interpretation approach. A final submittal date for the Benthic Toxicity Interpretive Report can be agreed upon at that time.

If you have any questions, please let Chip or I know.

Thanks, Eric

Request for extension of Benthic Report submittal date

Hi Eric, per discussions between LWG and EPA, I would like to formally request an extension for the benthic interpretive report from November 1 to December 15, 2005. This is to accomodate more interaction between LWG and EPA modelers (i.e., a meeting in mid-Nov). Thank you, Lisa
